Work Experience

Associate, Ricca Design Studios, Denver, Colorado, 2017-Present

- Work as part of a team designing commercial foodservice spaces. Core responsibilities;
 - Creation of industry specific Revit families,
 - Create 3D Revit model for BIM cross-disciplinary and project coordination
 - Collaborate with architects, engineers, project team members and clients to ensure efficient data sharing

Internship, Product GoGo, Denver, Colorado, 2016-2016

- Worked as a intern designing: package layout, vinyl cutting, 3D modeling, and 3D printing

Head Instructor, J.W. Kim Taekwondo, Colorado, 2014-Present

- As a 3rd Dan Kukkiwon Certified Blackbelt and instructor I take a special interest in the teaching of Taekwondo to all ages and ability levels. I strive to be a role model for all my students encouraging them to help others in their community.

United States Marine Corps, 2009-2014

- While serving in the Military I worked as an Improvised Explosive Detection Dog Handler with the responsibility of finding improvised explosive devices in areas of operation in the Middle East. In addition, I worked within the Command Operation Center overseeing troop and asset movement. I left active service as a Sergeant (Non-Commissioned Officer).
